# FEEDBACK FROM GUSHIMA EVENTS

"We host high profile events, including the Durban July and brand activations.

Some of the functionality we find useful with skybookings™ is that every time our patrons buy a ticket to our events, the system saves their contact details. Then next time we have an event, we can simply invite them. This helps us fill up our events much faster; it reduces our marketing costs and helps us attract sponsors based on our database.

There are several other useful features but perhaps the most important aspect of using skybookings™ is that the team is always responsive and they go out of their way to make sure our events run as smoothly as possible."

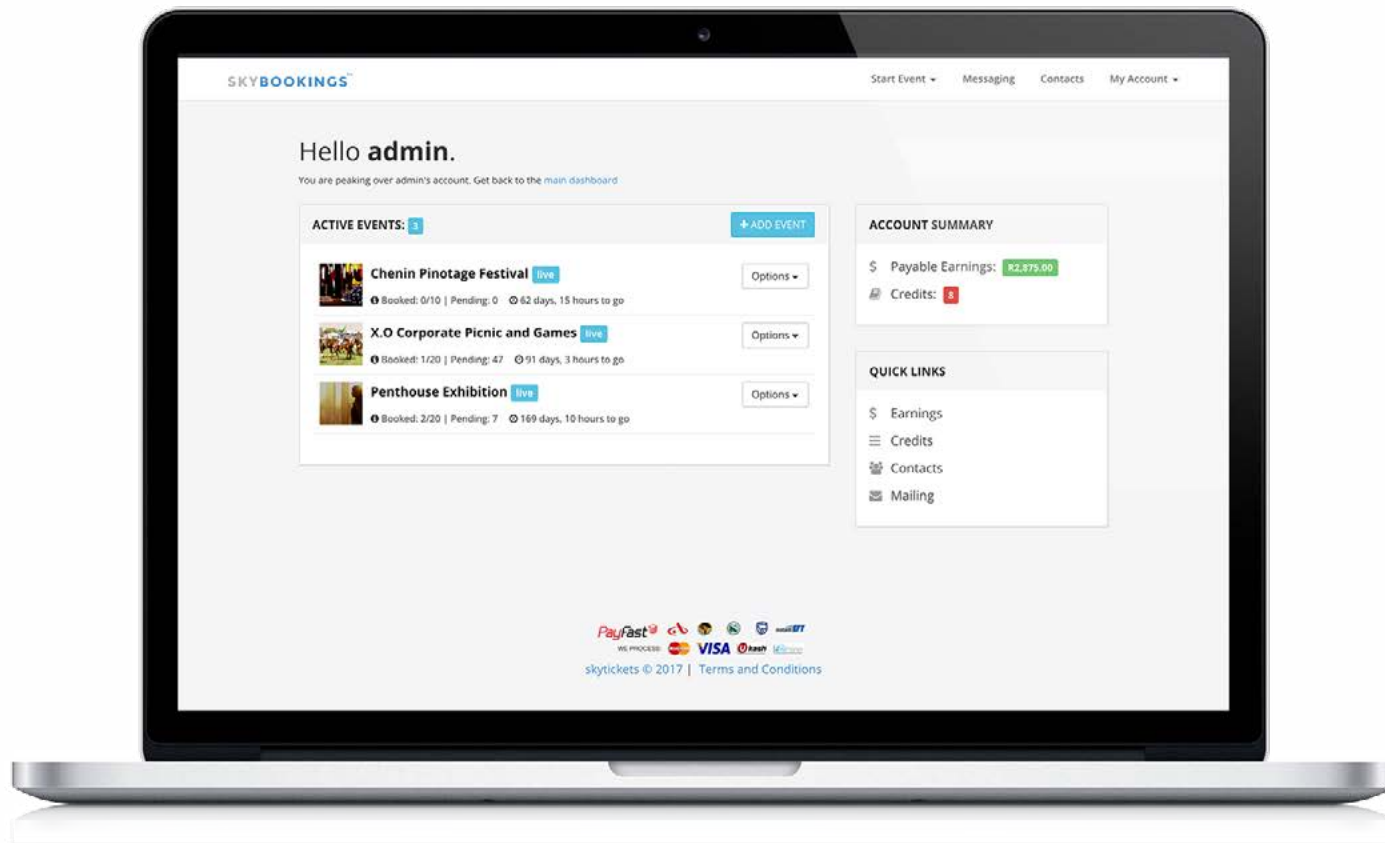

I would recommend that you try out skybookings™. It's the 21st century way of running events in a cost-effective and hands-on manner."

## **IN 7 MINUTES FROM NOW YOU CAN...**

- Stop taking bookings via email or the phone.
- Stop using spreadsheets for managing your guest list.
- Stop sending booking confirmations manually via email.
- Stop updating your attendance register manually.
- Stop sending reminders, updates & changes manually via email.

**BECAUSE  
SKYBOOKINGS  
CAN DO ALL  
OF THE ABOVE  
AUTOMATICALLY.**

# FILL UP YOUR EVENTS IN 3 EASY STEPS:

1. Visit [www.skybookings.net](http://www.skybookings.net) from any computer.
2. Sign up and create an event. A special event-page will be created for you where your attendees can book / RSVP using any device.
3. Upload your contacts and, within a minute, send a beautiful invitation to all of them via email, with a link to book your event. You can also post your link on Social Media to attract bookings.

## THEN THE MAGIC BEGINS...

- When your attendees book / RSVP, they will get an automatic welcome SMS. You will also get an SMS notification.

- For each booking, you can easily make notes like dietary requirements or seating arrangements. You can also reject and approve bookings. skybookings will send automatic SMS and Email notifications to your attendees.
- On the day of the event, your attendees will get a 1-time-pin, which they will present at the entrance to check-in.
- When you enter their 1-time-pin into skybookings, it will automatically generate your guest register and send a welcome message to your attendees.

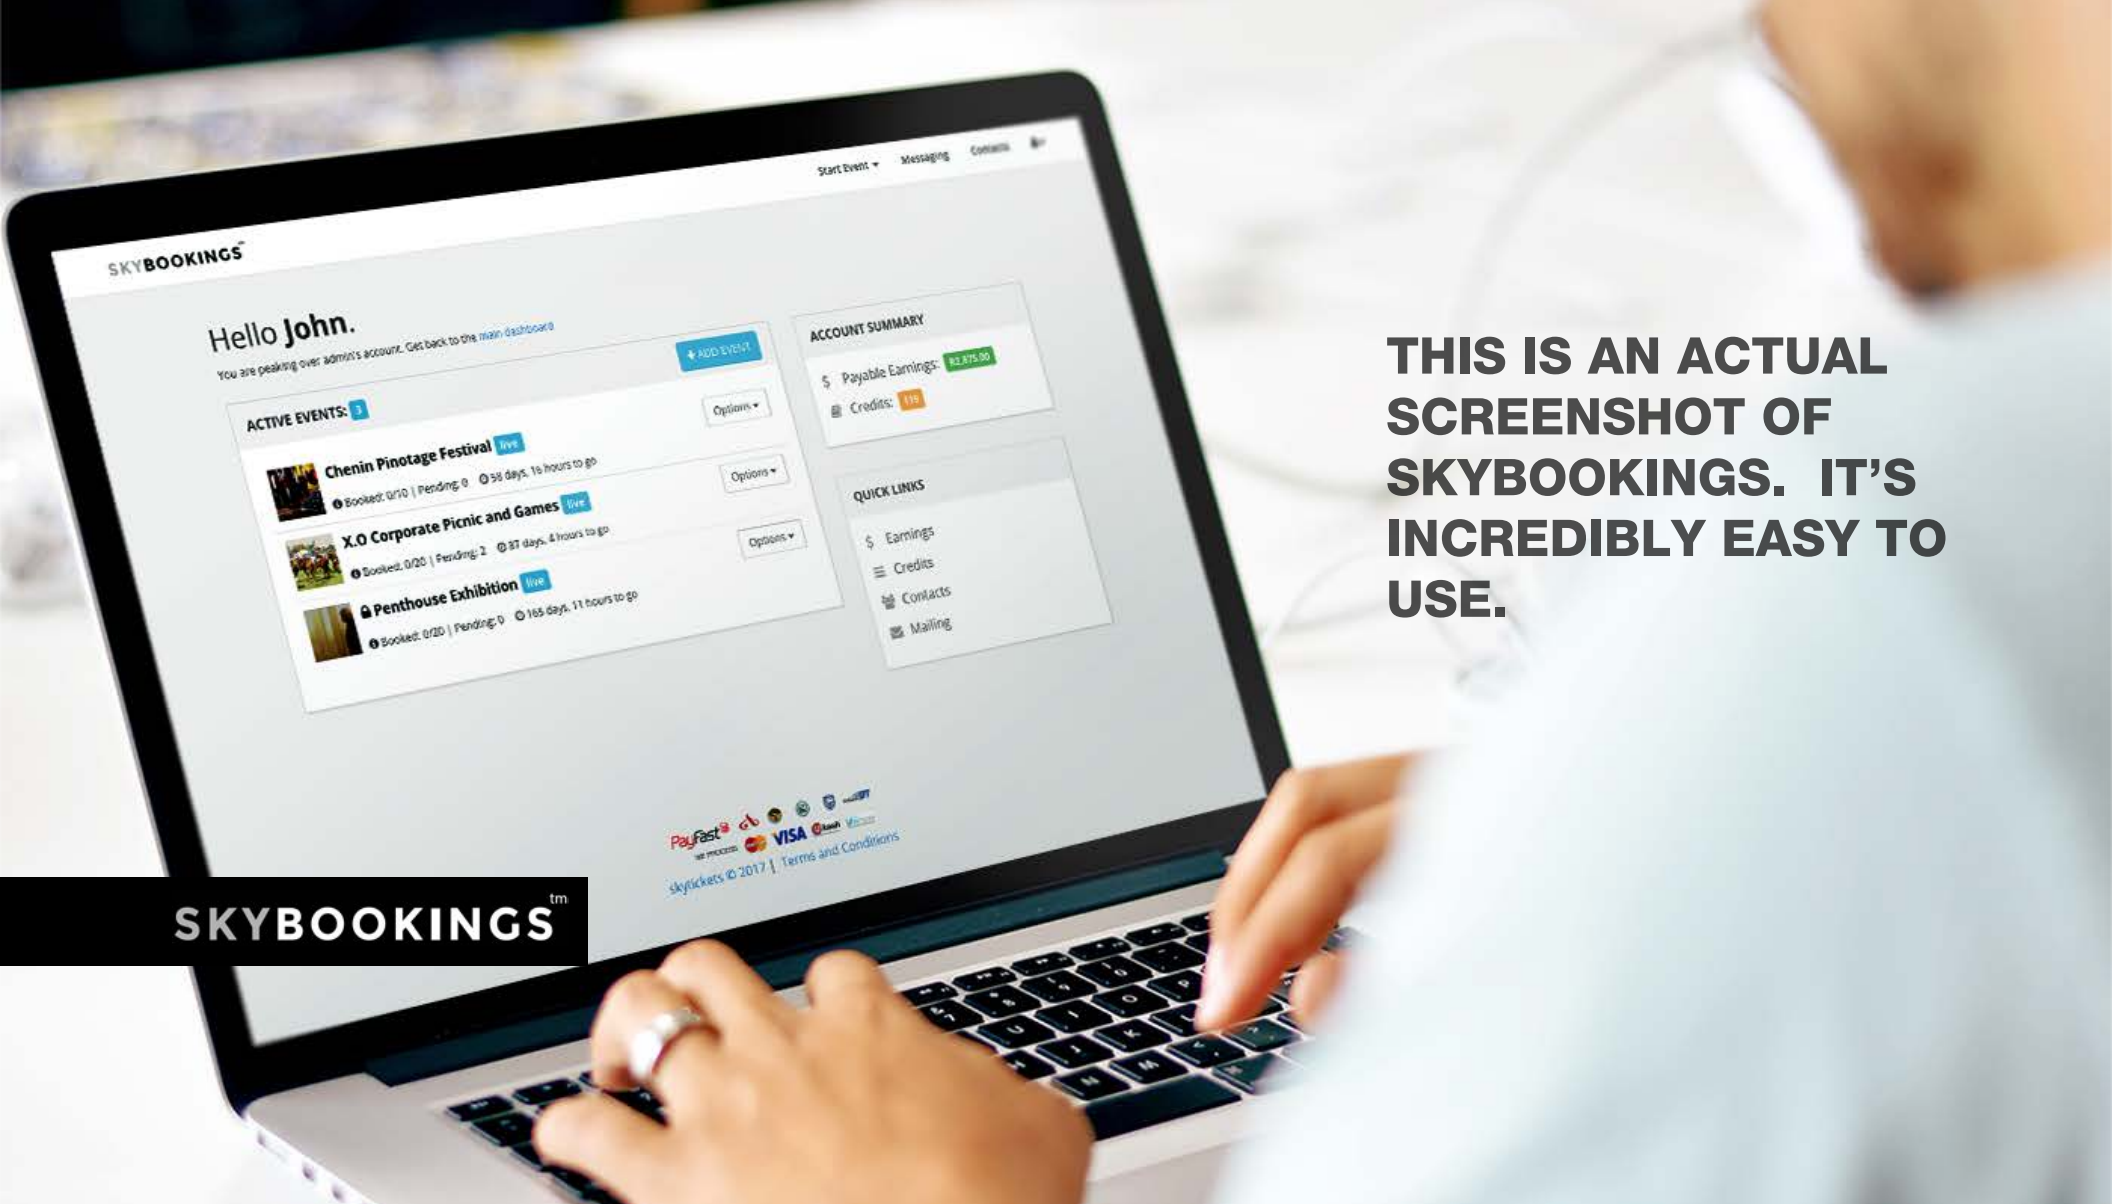

Just one more thing...

- After the event, an automatic thank you SMS will also be sent to your guests.
- You can rewrite any of these automatic notifications to suite your needs.
